FROM THE CHAIRMAN

The dream that we saw and the creation we visualised around the year 1995 is taking shape. From one campus at Mohan Nagar in 1996, I.T.S Group today is four campus strong with 20 courses. Participation of all sincerely interested in academic ventures and support of faculty, staff, students, alumni and the society at large have helped the endeavour take shape, develop roots and grow. Our students have made us proud and our stakeholders are appreciative of our efforts. Every day is a renewed effort to better the benchmark and acknowledge the investment done by offering promising professionals.

Over the years, the Group has diversified in the courses it offers and has created campuses specializing in each functional area. I.T.S has evolved as a brand and we have a promise to keep in the present globalised scenario.
